Tired of the mess and work of planning a birthday party at your home? Or the same old birthday at a Chucky Cheese or Discovery Zone etc... Let the Black Belt Instructors of the school host your child's next Birthday Party. The school will provide the Karate Birthday Cake, the Food ("Pizza"), Drinks ("Soda") and most importantly the Entertainment ("Fun"). In addition each kid is given a Special Karate Gift which is theirs to keep. The only thing a parent needs to bring is a Camera, or Video Camera to document the Best Birthday Party Ever. You'll want to get this on tape because it is guaranteed to be the most exciting 1 1/2 hours the kids could ever have. It is non-stop fun and games with that Special Birthday Person in the Spotlight for the day. The cost of the party is \$249 for members (\$299 for non-members) and includes 12 guests plus the birthday person and 2 adults. The party is not limited in size, you may invite additional guests for \$14 per person and adults for \$5. We also provide invitations, all the paper products, eating utensils, and cleanup. The school is currently scheduling parties as far out as 14 months (First come first serve). Many parties are already booked and times are limited. See an Instructor to have your own Karate Birthday Party and leave all the work to us.
